

# HEALTH SQUARED

## FOUNDATION

IDEAL OPTION FOR  
**EMPLOYER GROUPS**

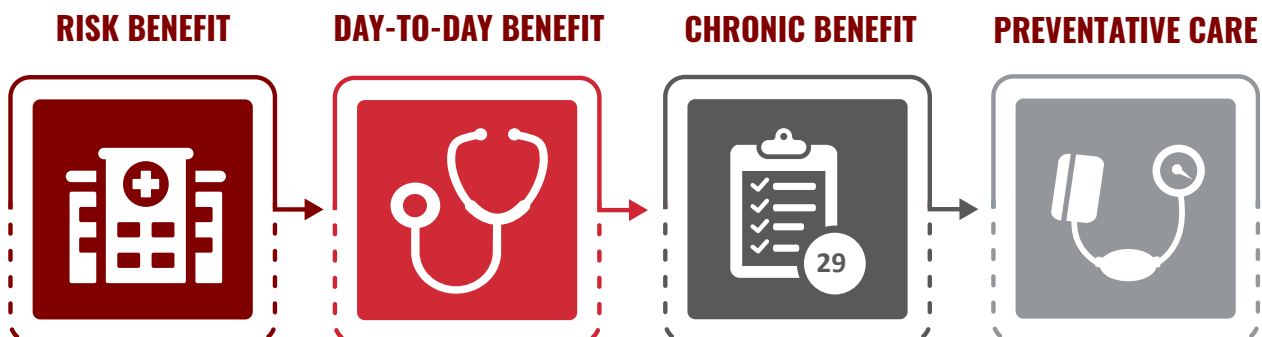

The **Foundation** option is a network-based option offering in-hospital and day-to-day benefits within the domain of private services, driven by a primary healthcare structure. The benefit structure provides access to private healthcare services at designated service providers. Benefits are protocol driven, condition and treatment- specific in nature. The Foundation option offers unlimited hospitalisation at a defined network of providers (subject to scheme protocols) and primary day-to-day benefit access, including general practitioner & nursing consultations, specialist consultations, radiology, pathology, acute and chronic medication from an extensive range of contracted providers.

Foundation highlights include the following benefits, to ensure that you and your family will be covered from every angle with:

- » Day-to-day benefits within the domain of private services
- » Maternity benefits including 2x 2D scans, specialist consultation & unlimited GP consultations
- » Unlimited hospitalisation at a defined network of providers (subject to scheme protocols)
- » Unlimited doctor & nursing consultations (NO nomination of GP required)
- » Unlimited Radiology & pathology
- » Unlimited Acute and chronic medication from an extensive range of contracted providers.
